DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 1-7 in Paper No. 8 is acknowledged. The traversal is on the ground(s) that a thorough search of relevant art for Group I will require substantial consideration of the art relevant to Group II and III, and that separate search and examination may lead to duplicate work and inconsistent result. This is not found persuasive because it is the expansive search requirement when all three groups are considered as a whole that would have placed undue burden on the examiner in charge of the application. Although the three groups have common features, their characteristic differences are substantial enough to acquire different classification statuses.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 8-24 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected Groups, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 8.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

Art Unit: 2613

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Forslund, US 5,544,338.

Re claims 1-7, Forslund discloses a camera system for high speed image processing for display comprising a plurality of photosites i.e., image pickup means, and a plurality of buffers which serve as a double buffer for simultaneous read/write operations. The read/write operations may be in forward or reverse direction. (See Abstract, figs. 7 and 9, col. 11, line 36 to col. 12, line 36, col. 13, line 26 to col. 14, line 5, col. 14, line 51 to col. 15, line 11, col. 17, line 31-53).
